

Number 6 tracing

Trace the big number with your finger, then with a crayon. Start at the brown dot and follow the arrow. Count the pictures in the box and color them. Then write 6 in the rows.

Recommended age: 5–6 years · number tracing

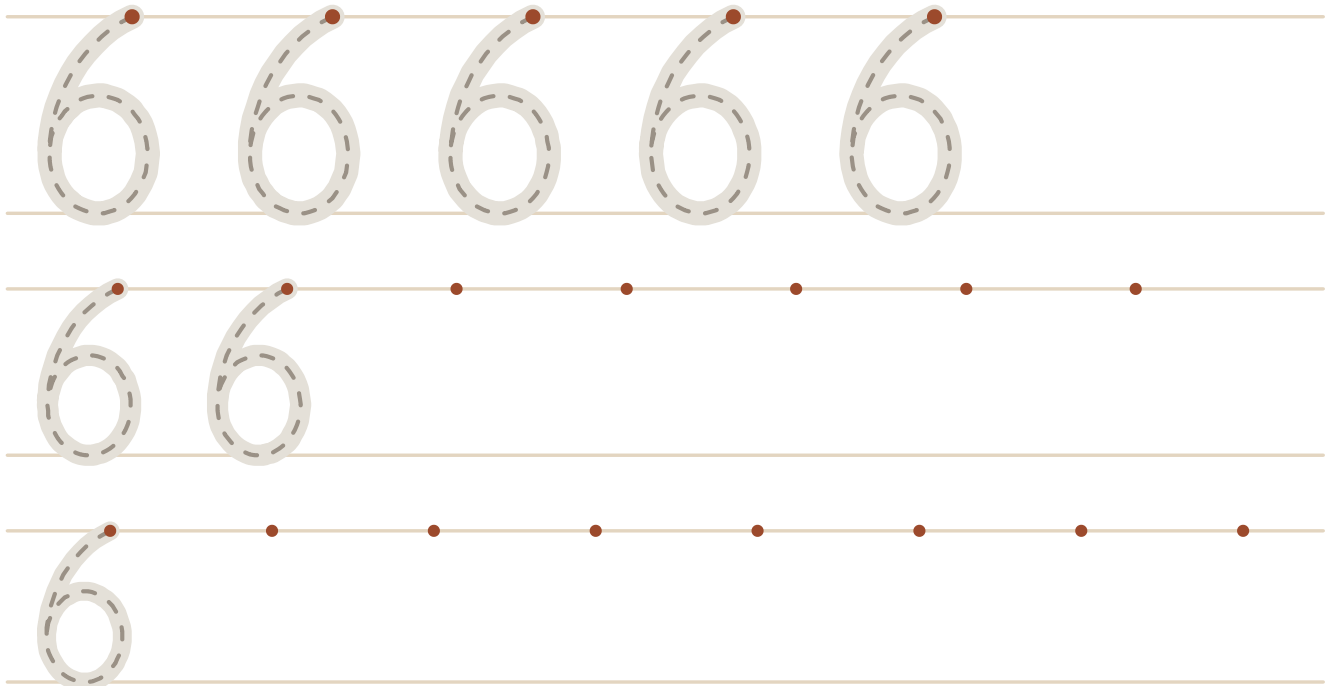

Name _____

Date _____

Count out loud and color.

Finger first, then crayon. Start at the dot.

Tip for parents: Say the number out loud and show it on your fingers. Let your child trace the model with a finger first. Watch where the stroke starts: at the brown dot. A backwards numeral is common at this age – don't cross it out, show the model and try again together.

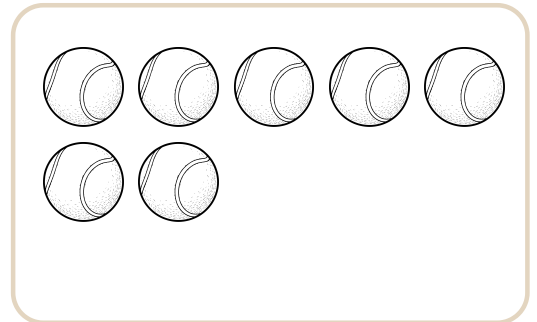

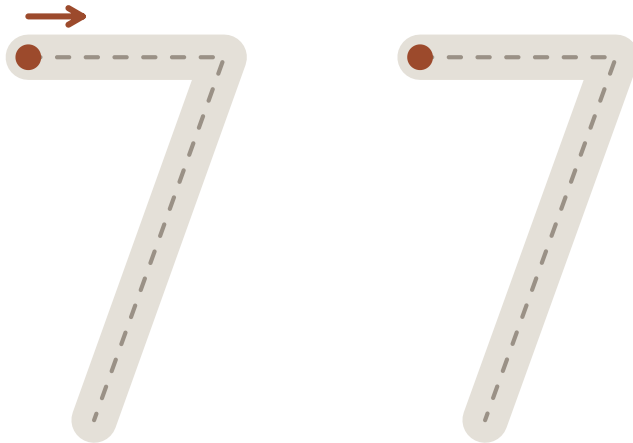

Number 7 tracing

Trace the big number with your finger, then with a crayon. Start at the brown dot and follow the arrow. Count the pictures in the box and color them. Then write 7 in the rows.

Recommended age: 5–6 years · number tracing

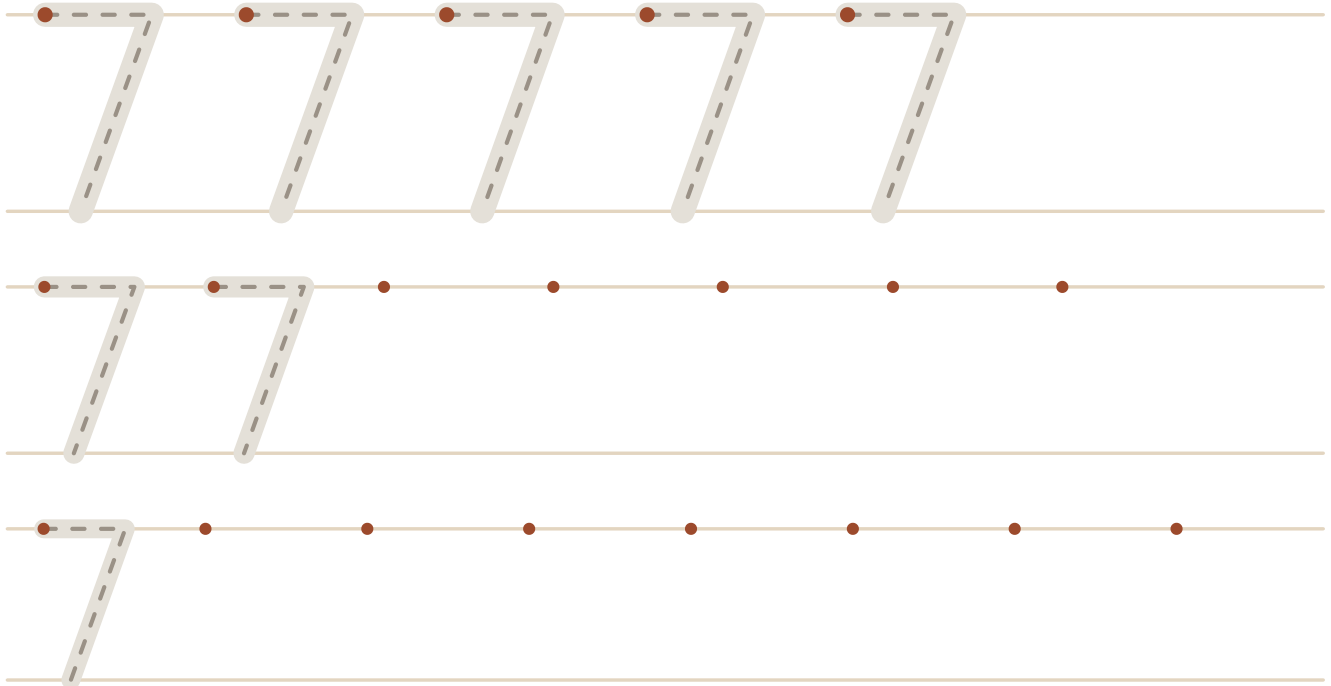

Name _____

Date _____

Count out loud and color.

Finger first, then crayon. Start at the dot.

Tip for parents: Count the pictures in the box first, with a finger on each one. Then the numeral: the big model with a finger, then with a crayon. One row a day is enough. Praise a correct start, not neatness.

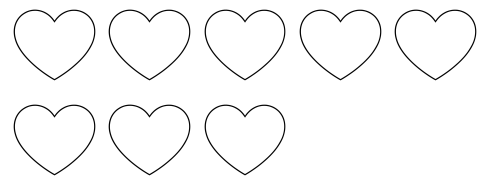

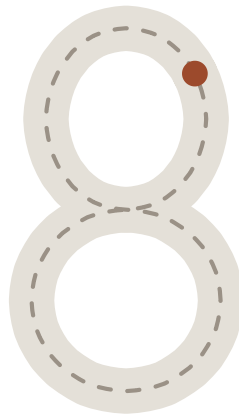

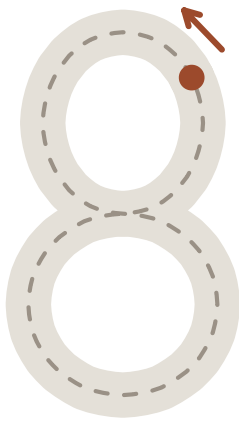

Number 8 tracing

Trace the big number with your finger, then with a crayon. Start at the brown dot and follow the arrow. Count the pictures in the box and color them. Then write 8 in the rows.

Recommended age: 5–6 years · number tracing

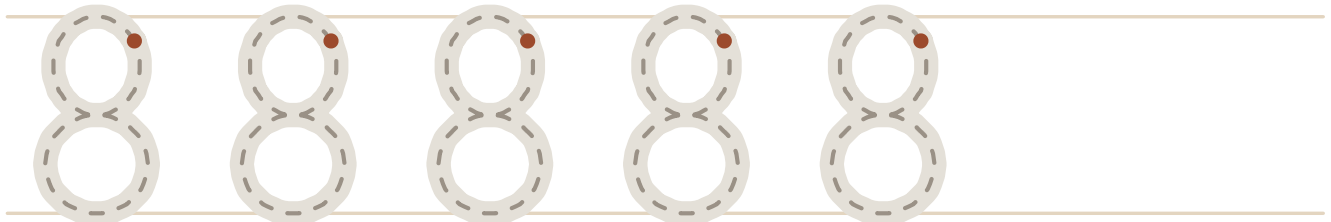

Name _____

Date _____

Tip for parents: This sheet works best after the single-number sheets. Count out loud with a finger on each picture. If one numeral is a struggle, go back to its own sheet with the big model. The rows don't all have to be done in one sitting.
